Long-distance South Indian couple PROMPT

Create an ultra-realistic cinematic long-distance South Indian couple portrait, vertical 9:16 poster format, inspired by a romantic movie poster. The image is perfectly split into two equal halves by a glowing neon pink-blue energy line in the center, symbolizing a long-distance relationship.

Left Side (Warm Romantic Interior):

A beautiful young South Indian woman sits on a cozy bed inside a softly lit bedroom at night. She has naturally curly black hair styled in a loose braid, expressive eyes, warm brown skin, delicate smile, traditional jewelry including jhumka earrings, necklace, bangles, and wears an elegant royal purple silk saree with silver border. The room is filled with warm pink-orange ambient lighting, fairy lights, heart-shaped decorative lights glowing on the wall, small shelves with photos, soft bokeh effects, dreamy atmosphere, shallow depth of field, romantic mood.

She holds a smartphone vertically in front of her and gently touches the screen with her index finger, looking lovingly toward the center split.

Right Side (Cool City Night View):

A handsome young South Indian man sits near a large floor-to-ceiling glass window in a modern apartment. He has stylish textured black hair, light stubble beard, warm smile, attractive facial features, wearing a dark navy-blue shirt, jeans, and wristwatch. Behind him is a breathtaking futuristic city skyline at night with illuminated skyscrapers, blue neon lights, distant towers, reflections on glass, atmospheric haze, and cinematic urban ambience.

He holds a smartphone vertically and touches the screen with his index finger aligned exactly opposite the woman's finger.

Center Connection:

Both smartphones meet visually at the center split. Their fingertips appear to connect through the phone screens, generating magical pink and electric blue energy particles, glowing sparks, light trails, floating particles, cosmic connection effects, and romantic digital magic. The energy bridge creates a feeling that they are touching despite being far apart.

Typography and Design:

Add elegant glowing Tamil love quotes at the top left and top right in neon handwriting style. Add small glowing heart icons below the text. At the bottom center place large cursive neon typography reading:

"Always Connected"

glowing pink and blue gradient neon script.

Below it add:

"DISTANCE MEANS SO LITTLE WHEN SOMEONE MEANS SO MUCH"

in elegant white serif font.
